Dear Ms. Reader,

I am a resident in your district at the address stated above. I am writing to you today to bring awareness to the wrongful conviction of Rickey McGee (W65426) better known as FUQUAN. He is an innocent man that has served 26 years of his life sentence, for a first degree murder conviction that he had NO involvement with. Can you imagine being labeled a murderer at 19 years old, and forced to live the rest of your life in prison for a crime you did not commit? This is the reality of Fuquan, and many others that have been served the same fate in our country.

We understand that the public safety of our communities are an essential priority to your office, and recidivism is a concern in your line of work. I can assure you that Fuquan is not only an asset to any community he is part of, but he has also directly prepared other men he's met along his journey to become assets to their communities as well. Listen to their testimonies on www.FreeFuquan.com

If I could ask you to take one thing from this letter it would be to learn more about Fuquan so you can understand how vital his freedom is. His freedom is not just for his life, but for the lives of our men, women and children in need of a better tomorrow and justice for all.

Thank you for taking the time to read my letter, and for being a voice for our communities. We hope to have your support in this fight for freedom, as you have our support in the trust we have in you and your team to serve our community.

Sincerely,
